

Technical drawing of a metal plate assembly, showing a side view and a cross-section. The main dimensions are:

- Overall length: 2000
- Overall width: 70
- Plate thickness: 15
- Distance from left edge to first flange: 100
- Distance between flanges: 1000
- Distance from last flange to right edge: 100
- Distance from left edge to first hole: 100
- Distance between holes: 200 (9x200 = 1800)
- Distance from last hole to right edge: 100
- Flange diameter: $\phi 48$
- Flange thickness: 55

The drawing shows a long plate with two rows of holes. The top row has 18 holes, and the bottom row has 18 holes. The holes are spaced 200 units apart. The plate is 70 units wide and 15 units thick. The flanges are 55 units thick and have a diameter of 48 units. The overall length of the plate is 2000 units.
